

Bubble Babies

Underwater Photographs

at Kingsley School, Kettering

©Underwater Art

A beautiful photograph of your baby swimming under the water captures a priceless moment and is a unique and wonderful memory of your child's earliest achievements!

All about the photo shoot

The sessions are held in the warm waters of Kingsley School Pool over the weekend with a professional and experienced underwater photographer using the latest hi-tech equipment (see www.underwaterart.co.uk). In a 30-minute time slot, a small group of parents and babies will have a warm up together and then a specially trained Bubble Babies instructor will submerge the babies (one at a time!) so that they can have several photos taken with a rest in between. Afterwards you may want to have a photo all together: Baby, Mum and Dad, Siblings as well!

Can my friend bring her baby for a photo?

The underwater photo shoots are **open to everybody** but we do insist that all babies must have experienced a swimming course involving a gradual and progressive programme of underwater work so that they are physically and mentally ready for the event. Try to keep everything as normal and calm as possible with the adult who normally swims with baby coming into the pool for the photo shoot (don't forget your costume!).

We endeavour to make our photo shoots happy and relaxed occasions in which the well-being of the babies is of the uppermost importance.

What to wear

Make sure baby is wearing a snug fitting disposable swimming nappy (that forms a good seal around the legs and waist) with a non-disposable cloth swimming nappy over the top. You should make sure that you bring some spare disposable nappies as a soiled one will have to be removed immediately.

Cost and booking

There is a fixed cost of £30 for attending the shoot with £10 extra for siblings. This is unfortunately strictly non-refundable as our costs for pool hire, the photographer etc remain the same regardless of whether or not you are able to attend on the day or how good the resulting photos turn out to be. We can, however, offer a free re-shoot at the next underwater photo session. Please fill in the Underwater Photograph Booking Form and return by post with payment to secure your place. You will then be contacted to arrange a convenient time slot.

Sizes and Prices

You can order a range of picture sizes, from passport right through to posters with the option to print your photographs on canvas for that staggering oil painting look! Please browse www.underwater-art.co.uk for up to date prices and packages.

Ordering Photos

Within a week of the shoot, the photographs will be displayed in a password protected secure online gallery so that you can look at them in the comfort of your home. The photographer will edit out the instructor's hands or feet where necessary. Once you have decided which photos you would like they will be sent to you within approximately 3 weeks.

A unique record of your swimming career!

Your Underwater Photo is a fantastic souvenir of your earliest swims together! As baby grows, you are very welcome to come along to subsequent underwater photo shoots and to keep a fabulous running record of baby's swimming progress.
